

01 EUROPEAN INDUSTRIAL MANUFACTURING PLATFORM

Let us produce your parts or components.

GORT operates a modern industrial manufacturing base in Poland, combining advanced metal fabrication, engineering, assembly and scalable production infrastructure for international projects and strategic partnerships.

GORT · BIAŁYSTOK

<p>25+ YEARS OF INDUSTRIAL EXPERIENCE</p>	<p>12,000 m² PRODUCTION FLOORSPACE</p>	<p>40+ COUNTRIES DELIVERED TO</p>	<p>100+ ENGINEERING & PRODUCTION SPECIALISTS</p>
--	--	--	---

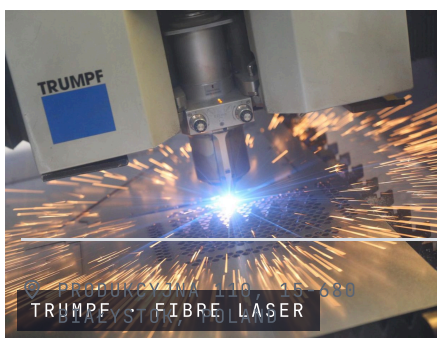

MACHINERY PARK

TRUMPF · Prima Power · SafanDarley · Amada · HAAS · MG Italy — operated in-house by experienced technical teams.

MATERIALS

Stainless steel, aluminium and carbon steel — 0.6 mm to 15 mm thickness. Own stock and entrusted materials; cooperation with local and internationally recognized suppliers. NDA-protected confidentiality.

- LASER CUTTING
- BENDING
- PLOTTING
- CNC TURNING
- DEBURRING
- SURFACE FINISHING
- WELDING & ASSEMBLY

TRUMPF FIBRE LASER

PRIMA POWER · COMBI GENIUS

SAFANDARLEY · TRUMPF BENDING

02 CAPABILITIES

Advanced EU Manufacturing Capabilities.

A complete in-house production line — from sheet handling to finished parts.

CAPABILITY 01

Laser cutting & sheet metal die cutting

Prima Power Combi Genius CG1530 — 3kW Fibre · 1500×3000

- One-process punching & laser cutting with material storage tower & sorting cell
- Embossing and cutting of complex shapes with the laser
- Medium and large batch sheet metal production
- Cutting up to 2 mm — stainless steel, galvanized sheet, aluminium
- Forming: fluting, offset finish rolling, marking, extrusion and threading for sheet-metal screws (sheet up to 0.8 mm), slots; further tools on request

TRUMPF TruLaser 3030 NEW — 4kW CO₂

- Sheet metal cutting on 1500×3000 mm format
- Stainless steel up to 10 mm
- Aluminium up to 8 mm
- Carbon steel up to 12 mm

CAPABILITY 02

Sheet metal bending & surface treatment

Press brakes & semi-automatic bending

- Sheet bending up to 2 mm over a length of 3000 mm
- Up to 3 mm over a length of 2000 mm
- Thicker sheets bent on request

Deburring & finishing — Costa

- Working width up to 1000 mm
- 4-station line: deburring, chamfering, finishing touch, satin finishing
- Hygienic, decorative and architectural-grade finishes

CAPABILITY 03

Material processing

Kimla plotter

- Efficient processing thanks to 9kW spindle
- Large working range 1300 × 3000 mm
- Storage for 10 tools
- Vacuum table for sheet/plate fixation
- Suitable for composites, plastics and non-ferrous materials

CAPABILITY 04

Machining

HAAS DS-30Y turning centre

- Machining area 457 × 584 mm
- 12-position turret
- Y-axis ±50 mm — milling capability
- Powered tools, bar feeder
- Maximum spindle speed 4000 rpm

How to request an offer

We prepare offers from technical drawings — preferably in electronic form — and on the basis of 3D models. We make parts from our own materials (0.6 mm to 15 mm) and from entrusted materials.

03 STRATEGIC CONTEXT

Sectors, References & Strategic Direction.

An overview of the industries we serve today, selected international references and the strategic directions GORT is currently evaluating with partners.

A INDUSTRIES WE MANUFACTURE FOR

<p>01 · ESTABLISHED CORE</p> <p>HoReCa & Foodservice</p> <p>Over 10,000 industrial appliances delivered to clients in 40+ countries.</p>	<p>02 · ADJACENT</p> <p>Food Industry</p> <p>Stainless steel solutions for processing, packaging and production environments.</p>	<p>03 · ADJACENT</p> <p>Medical & Laboratory</p> <p>Hygienic stainless components and instrument carriers with certified QC.</p>	<p>04 · ADJACENT</p> <p>Energy & E-Mobility</p> <p>Durable structural parts for energy infrastructure and electric mobility.</p>	<p>05 · ADJACENT</p> <p>Premium Design & Outdoor</p> <p>High-grade stainless for architectural, exterior and design applications.</p>
---	--	---	---	--

B SELECTED INTERNATIONAL REFERENCES

<p>GCC · MIDDLE EAST</p> <p>Novikov Asian Restaurant</p> <p>Doha, Qatar</p>	<p>AVIATION HOSPITALITY</p> <p>Marriott Renaissance Warsaw Airport</p> <p>Warsaw, Poland</p>	<p>INSTITUTIONAL · EU</p> <p>Chamber of Commerce</p> <p>Luxembourg</p>	<p>PUBLIC SECTOR INFRASTRUCTURE</p> <p>Industrial Canteen</p> <p>Denmark</p>
